HOSPICE

Corporate
Brochure
2023

Meet the Team

Edward Gorringe

Chief Executive

With decades of experience as a Chartered Director in the voluntary and public sector, Edward possesses a proven track record in organisational change and growth, along with a strong financial background.

Edward joined Butterwick Hospice in 2022 and has developed robust plans to improve the organisation and secure its longevity within the Hospice sector. Those plans are already being actioned, as in 2023, after a period of dormancy, our Adults Inpatient Unit reopened its doors and welcomed its first patient after 18 months of closure.

Edward's aim is to future-proof the organisation and maximise the efficiency of its service delivery to ensure that Butterwick Hospice continues to meet the demand of the community it serves.

Anne Cooling

Director of Income Generation

Following a career in the chemical industry, including companies, Venetor, Shell and ICI, Anne joined Legal & General in Newcastle for several years specialising in personal and company pensions, commercial finance and investments.

Anne joined the non-profit sector in 1995 working with The Children's Foundation, Action for Blind People, Butterwick Hospice and Teesside Hospice, before returning in 2023 to Butterwick Hospice.

Anne combines her extensive commercial and charity experience, to achieve increasing levels of success when encouraging companies to support Butterwick Hospice, something that is close to Anne's heart. Anne knows personally that we must do everything we can to ensure that the specialist-level of end of life care, that is provided by Butterwick Hospice is there for many years to come.

Katie Sadler

Head of Corporate and Community Development

Following an extensive career in commercial business management for the private sector, including companies such as Middlesbrough Football Club, Nestlé and TUI UK, Katie has brought her expertise and knowledge to Butterwick Hospice.

Specialising in Corporate Relations, Business Development and Event Management, Katie has successfully transferred commercial skills to the non-profit sector, identifying opportunities and developing corporate partnerships that support an organisation's Corporate Social Responsibility Strategy with a keen focus on Employee Engagement.

Katie joined Butterwick Hospice in 2023 tasked with developing successful partnerships within the corporate sector to deliver meaningful campaigns within the community with the aim of increasing income generation.

Why Support Us

For 40 years, Butterwick Hospice has supported local people and communities across our regions of Teesside and County Durham. We provide holistic care for babies, children and adults living with a palliative illness, as well as their family and loved ones.

As a hospice we know life limiting illnesses are indiscriminate and have no boundaries of age, wealth, or lifestyle. You never know when they may impact on your life or those of a loved one, family member, or friend. Our role is to continue Mary Butterwick's vision and adapt to the changes of needs within the community to ensure we care for those who need us at their darkest times.

**In the words
of our Founder,
Mary Butterwick OBE,**
“This place is all about
love. Without the love of
the community, it can't
exist.”

What Makes Us Different?

We understand the importance of holistic care for the children and adults in our local community and the services we offer provide support for the whole family. Based in three hospices, across two sites, we prioritise not just the physical, but also the mental health and wellbeing of our patients and their loved ones.

We believe in embracing life's journey with compassion and care and aim to make every day the best it can be for each of our patients and their loved ones.

We are only able to continue to provide our services thanks to the incredible support of loyal individuals, groups and businesses within our local community.

LJJ Ltd

Chairman Ian Rennison, Chief Executive Lee Rennison and Operations Director Jai Rennison, have collectively made LJJ LTD one of the most successful companies in Teesside, and have been supporting Butterwick Hospice since 2009.

Their support has been constant and extremely varied, a Corporate Partner for many years, sponsoring Hospice events, attending fundraising events, entering golf teams, providing brilliant auction items and more recently sponsoring a pantomime for the Children's Hospice.

Ian Rennison said "It is a pleasure to be a part of Butterwick Hospice, everyone here at LJJ Ltd is proud to support the work of the Hospice, more than happy to donate and help whenever we can."

LJJ Ltd was formed in 2001 as a private limited company, and is a multi-disciplined organisation capable of completing major mechanical, electrical and public health service contracts in a professional and client friendly manner. They are an established company with headquarters in Stockton-on-Tees, regional offices based in High Wycombe and Crawley carrying out works in the South of England, and a central office in Coventry covering the Midlands.

Their expertise embraces the full range of services of commercial and industrial installations. They provide a national service working competitively throughout Great Britain. The company currently has an established infrastructure with a planned turnover around £70m this year.

LJJ Ltd has donated
a fantastic total of:
£44,901.69
since 2009.

We're exceptionally proud to support Butterwick Hospice as a Corporate Sponsor. The palliative and supportive care the Hospice provides every day is invaluable to the community here in Teesside and beyond.

Cleveland Cable Company

Cleveland Cable is the UK's leading supplier of cables and cable accessories.

Founded in 1978 by local lads Alastair and Mike Powell, Cleveland Cable Company has become one of the greatest success stories on Teesside. From one small yard where the brothers drove the forklifts themselves, the business has grown into a multi-million-pound global venture servicing a customer base that covers all industry sectors including road and rail infrastructure, international events such as Summer and Winter Olympic Games, and modern data centres.

With a UK branch network currently extending to seven locations – Glasgow, Newcastle, Warrington, Milton Keynes, London, and Middlesbrough Head Office – plus two international branches in Ireland and Dubai, the company is perfectly placed to access domestic, European, Middle Eastern, and African markets.

Across this branch network, the company employs upwards of 650 staff – the majority at its Middlesbrough headquarters – and holds an estimated £100 million in speculative stock enabling just-in-time deliveries to customers when and where they require. This level of service is only possible because of the company's world class transport fleet, which comprises of over 100 vehicles in a variety of specialist roles. Increasingly, customers are expecting carbon responsible deliveries; something that Cleveland Cable has embraced by commissioning electric vehicles to replace smaller petrol and diesel vans.

With 2023 marking Cleveland Cable's forty-fifth anniversary, the company aims to continue building upon its proud heritage. While it is now a truly global business, its roots and most importantly its headquarters will always remain on Teesside – caring and giving something back by supporting great causes like Butterwick Hospice is just one of the ways they hope to make a lasting difference.

For further info visit www.clevelandcable.com or contact their Middlesbrough Head Office.

Who We Are

Our Mission

Our aim is to improve the quality of life for those who have a life limiting illness and their families and to offer positive support for every challenge they may encounter during the illness and to see death as part of life's journey.

Our Values

Our core values aim to treat everyone in our community with care, compassion and dignity by making sure we are there to support those living with a palliative diagnosis and their family members.

How Will We Achieve This?

We will provide the best quality of care and quality of life for our patients across every service we offer.

We will ensure we have the financial resources and capacity to meet the demand of our services.

We will create the right atmosphere and environment for our patients and their loved ones.

We will develop the right mix of talent and skills within our workforce.

We will ensure our communications are open and transparent.

Becoming A Corporate Partner Or Supporter

There are many benefits to being a Corporate Partner or Supporter.

By working with us, you're helping to make a real difference to the lives of local people, whilst also benefiting from excellent PR and networking at our events. Corporate Partnerships help us financially, meaning we can care for more people. At the same time, being a Corporate Partner or Supporter can help your company with your corporate social responsibilities.

There are lots of different ways that we can work together. Financial donations, gifts in kind, and employee fundraising all help us to keep on providing our care to people who really need it.

Corporate Partner
£5000 donation per year
Corporate Supporter
£1000 donation per year

Networking Opportunities

You will receive invitations to attend our events, including our Golf Day, Corporate Lunches, and much more. There are a range of different events, from our Annual Ball to our more relaxed and less formal gatherings for our Corporate Partners and Supporters.

Working Together

It is important to us to build long-term and mutually beneficial partnerships in the corporate sector. We are focussed on sharing expertise and looking for the best ways of working together, to provide you with the best Corporate Partnership.

Making a Difference

Your support helps us to continue to provide local people and their families the care they need. We help them make the most of every day and ensure that everyone gets to live well until the end.

For more details contact
katie.sadler@butterwick.org.uk

We couldn't do
this without our
Corporate Partners
and Supporters

Crystal Galleries are proud Corporate Partners of Butterwick Hospice and we are pleased to be able to support a charity that offers palliative care and support for families in the local community

Crystal Galleries

Crystal Galleries is a family owned, family run business that blends the personal service of a small business with the efficiencies and range of a large one.

Formed in 1983 the business initially aimed to meet the local demand for sport trophies, wedding gifts, awards and promotional items. After a short while they realised there was an opportunity to supply trade customers across the UK and Europe. They have grown significantly over the years by continually reviewing their product range and services to ensure their customers get exactly what they need to make their business a success.

From their first shop in Middlesbrough, they have expanded into larger premises on three occasions. In 2008, they moved into their current office, factory and warehouse buildings giving them 25,000sq ft of space, but they've expanded that with extra warehousing over the last decade so they now have 33,000sq ft of space.

As the demand for glass and crystal products grew, so did the need for complementary supplies and services. They now produce sandblasting equipment, compressors, mask making equipment, APM mask making film and their exclusive SelfAd self adhesive tissue stencils.

Their latest catalogue features over 1,400 products, many of which are exclusive to Crystal Galleries. Wherever possible, they source products directly from the manufacturer and work with factories across the world, including China and the USA, to bring you their stunning glass and crystal gifts and awards.

What makes them stand out in the industry, is their commitment to providing outstanding customer service. Their staff are extremely knowledgeable about their products and services and work closely with customers to ensure they receive the items and support they need to make their own businesses a success.

Above: Jo Lowes, Director | Top Left: Jeremy Lowes, Managing Director

Map Group

Map Group (UK) is one of the leading independent providers of professional technology services to the UK communications sector and provides a range of services to network operators, service providers, utility providers, private enterprises and public bodies.

Map Group (UK) Limited is a communications network contractor formed in 1993 and based in Teesside. Map began life as Map Electrics with 15 electricians carrying out council house rewiring and electrical installations on new builds. Its original clients included Sedgefield District Council, Cussins Homes and Mandale Properties.

A watershed moment came when Map Electrics was working for Mandale Properties on two apartment blocks where Comcast sought to install cable television. After much negotiation, Map was awarded the opportunity to install Comcast in all apartment blocks across Teesside.

Comcast went on to be taken over by NTL, which later merged with Telewest to form Virgin Media and Map Electrics continued to grow as a result. By the early 2000s, the company was employing 1,000 engineers, serving 5,000 customers a day with cable TV, telephony and the internet.

Map Electricals was rebranded as Map Group (UK) in 2008, Map House was built at Preston Farm, Stockton the same year and is located next door to Map's sister company, the Digital Telecoms Network Academy which provides accreditation and training across the telecommunications industry.

Map now directly employs over 400 staff, dozens of apprentices and has satellite offices and locations around the country including in Durham, Essex, Hampshire and the Midlands, supporting fibre network builds throughout the UK.

We have been proudly supporting Butterwick Hospice as a Corporate Partner since 2010. Our local Hospice provides loving, professional care to the people of Teesside when they need it most and we plan to continue supporting Butterwick Hospice for many years ahead.

Our Impact

Last year we provided over

3,500
hours of care.

Our Hospice has been operating for

40
years

24
hours a day

7
days a week

365
days a year

Last year we provided over

1,725
episodes of care.

We are the only Hospice in our region to cover two geographical areas and provide care for babies, children and adults as well as support for their families.

Manisha's Story

This year, our Children's Hospice is celebrating its 25th anniversary!

Over that time, we have cared for many children with extremely complex needs and life-limiting conditions. Children like Manisha. Manisha's complex needs mean that she requires 24-hour care and our service provides much needed respite for her loving family. They know that Manisha is in a safe and loving place where our team of Specialist Nurses and Health Care Assistants provide the very best care and environment for their little girl.

A space filled with love, laughter and joy, our Children's Hospice is a place where care and compassion are at the heart of everything we do. From our sensory room and garden, to our amazing Lifelites interactive technology, TV room and modified bedrooms.

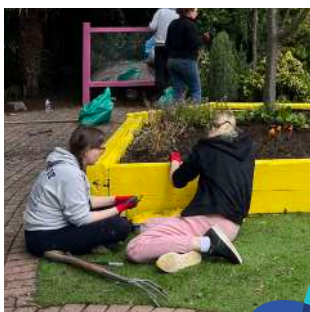

We provide a safe, home-away-from-home for the children who need our care.

As recently reported in our CQC inspection, where we achieved a 'Good' rating "staff treated patients with compassion and kindness, respected their privacy and dignity, took account of their individual needs, and helped them understand their conditions. They provided emotional support to patients, families and carers."

We're proud of the care we provide to children with life limiting conditions and the support we provide to local families, but it wouldn't be possible without the help of our loyal community.

Manisha's Mam, Shelley, said "the support given to Manisha and us as a family is second to none. Manisha is well cared for and the facilities meet her every need. We get total peace of mind knowing we have no reason to worry while she is with all staff at Butterwick Hospice. Its Manisha's home from home."

Events

Winter Ball

Our Winter Ball is a wonderful opportunity to join your local community to celebrate everything we have achieved together throughout the year.

Our biggest celebration of the year, the Winter Ball is a fun-filled evening of fine dining, unforgettable entertainment and the opportunity to make valuable connections within the community.

Taking place in one of our region's beautiful venues, our Winter Ball is the perfect opportunity to celebrate with your team and support the Hospice.

Butterwick 'Corporate Blues' Charity Match

After the success of the 2023 charity football match at Riverside Stadium, we're delighted to announce that the Butterwick Corporate Blues will be back in May 2024!

As a charity, Butterwick Hospice has a vision to connect with local companies through Employee Engagement, supporting Corporate Social Responsibility strategies, through interactive and relationship building events.

Local companies and organisations can come together to help raise vital funds for the charity and support the local community, whilst also having the opportunity to play at Middlesbrough Football Club's iconic Riverside Stadium!

June
2024

Summer Ball

Following on from the success of the 2023 Summer Ball, we will once again be hosting an event in June 2024. Guests can enjoy an unforgettable evening of fine dining, dancing and entertainment in one of our region's stunning venues.

A truly memorable event and unmissable opportunity to make valuable connections within the local community.

For all our event details, please contact katie.sadler@butterwick.org.uk

September
2024

Charity Golf Day

Our iconic Charity Golf Day will be celebrating its 15th anniversary in 2024, and we want to make it the best one ever!

Every year, the 24 teams who join us at one of the region's premium Golf Courses, have a day to remember of great golfing, delicious dining and make invaluable connections on the course, all while supporting the Hospice in raising much needed funds.

The day begins with a delicious breakfast before a shotgun start on the course, followed by a scrumptious evening meal and lots of opportunities to win big, including 'nearest the pin', 'longest drive' and 'beat the pro'!

Cornerstone Business Solutions Ltd is a multi-award-winning, leading provider of business solutions and a proud Corporate Partner of Butterwick Hospice providing much valued support for the charity.

Chris Petty, Managing Director at the Cornerstone Group said "Everyone here, the management team and all the staff, value the work of Butterwick Hospice, the end of life care they provide to our communities is essential. We are proud to continue our support of such an important local charity."

Cornerstone partners with global technology brands such as IBM, Lenovo, Microsoft, Cisco, Mitel, and BT to provide their clients with cutting edge business and mobile communications that are reliable, robust and supported by people who are experts in the design, implementation and maintenance of their business-critical systems.

The Management team at Cornerstone have years of experience in the IT industry, the directors have worked together for over 20 years in this field and the management team has been built up over 10 years to form a formidable, professional, customer service orientated team and each department has been built up through this team to form the award winning team we have today.

Bishop Auckland

Our Bishop Auckland Hospice is a thriving hub serving the communities of Bishop Auckland, Durham Dales and Sedgfield. The committed and enthusiastic team offer Home Care and Day Services, Physiotherapy, Complementary Services, and a variety of Support Groups. We continue to grow and develop the services we offer to the meet the needs of our community.

Exciting new developments include a men's group, a gardening group, and an art group. Our Family Support team are also based on site and offer a safe space for families and individuals who need bereavement counselling.

Firmly at the centre of the local community, the Hospice is supported by local businesses and community organisations. Partnerships with local schools and Bishop Auckland College means support is cross generational and we aim to support across the curriculum.

We believe in working closely with our corporate partners and supporters. The Rotary Club of Bishop Auckland have supported the Hospice over many years, and will once again take the lead in recycling Christmas trees this year. Involving many other community partners, such as the local allotment society, our fundraising campaigns benefit both the Hospice and our local environment.

A key project has been to improve the extensive Hospice gardens. The gardens have great potential to be used as a therapeutic community resource and with the help of some of our partners, we're delighted to have launched the Hospice Garden Project. One of the key partners in this project is Cummins Engineering.

Volunteering as part of their corporate social responsibility strategy, Cummins Engineering have made a huge difference to the Hospice grounds which can now be used to their full potential by individuals and groups.

Corporate Employment Engagement

Butterwick Hospice Corporate Employee Engagement programme is an initiative that proactively supports Corporate Organisations with their Corporate Social Responsibility Strategies.

Our aim and vision, working closely with the requirements of corporate organisations, is to develop an interactive programme that your employees can choose to participate in, supporting our Hospice and the local community. The engagement we develop with all employees really focuses on the positive impact they are making when donating their time from busy work schedules.

The support employees provide whether it be volunteering or participating in fundraising events, is invaluable to us a charity and we massively appreciate the support we get. We believe in embracing life's journey through compassion and care and with your support, we can continue providing our much-needed services to our community.

As a charity, we also take our Corporate Social Responsibility Strategy seriously, giving something back, supporting corporate organisations via interactive engagement.

With this in mind, we have developed an interactive programme for your employees with full management and organisational support from the Butterwick Hospice team.

The support from local organisations means so much to all at Butterwick Hospice. Giving up time to help on projects and your financial support, enables us as a charity to continue our services, with love and care, supporting our local community together.

In July 2023, we welcomed 'an army' of Corporate Volunteers, from a number of different companies, who gave up their time to support and transform the garden in our Children's Hospice - and the results were truly amazing!

For the children we care for, our garden is such a special place, but it was in need of a makeover to bring it back to life. We wanted to make sure it was a place filled with colour and love, so our children could make the most of the space.

"From the start, our volunteers were off...weeding, chopping, painting, sanding - we had a goal, and nothing was going to stop us, even the weather was kind!

A very special thank you to the following companies and employees who supported us on this project. FRP Advisory, National Highways, Tilbury Douglas, Mason Street Furniture (MSF) Jacobs, Enterprise Made Simple Ltd"

Katie Sadler | Corporate & Community Development Manager.

In May 2023, Butterwick Corporate Blues and Whites played at the Riverside Stadium, home of Middlesbrough Football Club and we had a fantastic evening of friendly competition and much needed fundraising.

Our aim is to engage with local companies through Employee Engagement, supporting Corporate Social Responsibility Strategies through interactive and relationship building events.

"Working in partnership with Cornerstone Business Solutions Ltd we had this amazing opportunity for local companies and organisations to come together to raise financial support for the charity whilst employees also having the opportunity to play at the Riverside Stadium. It was a fantastic day, with so many companies supporting...thank you to all involved."

Katie Sadler | Corporate & Community Development Manager.

Thank you for your support

Educational Engagement Programme

Summer
2023

As a charitable organisation, we always welcome opportunities where we can help support the local community, in addition to the care, love and services that we provide as a Hospice. We are proud to support local Academy Trusts, engaging with students aged from 10 years old through to college leavers at 18 years old, providing valuable educational experiences.

In June this year, we launched our first educational programme, and the engagement with the students was fantastic. We welcomed a local Stockton school, St Gregory's Catholic Academy. The Year 6 children came to the Hospice for an educational visit, which also gave us the opportunity to personally thank them for their amazing fundraising efforts during the Hospice's Royal Dash campaign.

Their visit was coordinated by Deputy Head Teacher, Mrs Wilson, and Teacher Mrs Taylor. In preparation for the visit the children had been learning, as part of their Religious Educational studies, about Hospice care and how we differ from a hospital. Prior to their visit, the children had also been learning about Butterwick Hospice and our founder Mary Butterwick, OBE.

It was wonderful to be able to support the education of the children, their enthusiasm to see the Hospice and the work we do was

really inspiring. Our team led talks and answered any questions the students had following on from the research they had done prior to their visit.

Our Educational Programme continued throughout July, with our Chief Executive, Edward Gorringe, welcoming Year 10 students from the Nicholas Postgate Catholic Academy Trust for a series of Interactive Career Showcase Days. Director of Care, Allana Massingham and the Hospice Nursing Team, talked about their own career development within the Nursing profession and what it's like to work in a Hospice. Our Director of Income Generation, Anne Cooling, and the Income Generation Team, spoke about the importance of fundraising and our business models.

Additionally, we welcomed Year 12 students from the Postgate Trust over a two-week period for work experience. We offered support for students who are interested

in developing a career within the medical profession and provided a platform of experience that covered all aspects of medical care, within our Hospice framework. This was led by our Director of Care, Allana Massingham, and her fantastic leadership team, Julie Evans and Lucy Henderson.

"It was a busy Summer, one which was very rewarding, supporting the younger generation within our local community. However, the development of our Educational Programme continues over the next 12 months. As a charitable organisation we are proud to be supporting Nicholas Postgate Catholic Academy Trust Industry Partnership Board, working with the trust we have a number of fantastic educational initiatives planned, engaging with students and teachers."

Katie Sadler | Corporate & Community Development Manager.

We support children and adults through some of the darkest and emotionally traumatic times of their lives by delivering counselling services.

Family Support

Our team of qualified, experienced Counsellors, understand that at certain points in our lives, we all need someone to turn to.

We all need support sometimes, and when we're grieving for a loved one, or faced with a life changing diagnosis, Butterwick Hospice has its arms open wide. The reassurance of knowing someone is there when you need support, can make the biggest difference of all.

Our Family Support team is here to do just that, they offer Counselling for pre and post bereavement, grief counselling and counselling for those who are facing a terminal diagnosis. We support children and adults through some of the darkest and emotionally traumatic times of their lives by delivering counselling services.

One of our Counsellors, Paula Thompson, shared her perspective on the impact and importance of the service, "I worked with a young teenager called Lauren*, whose Mam had recently died. In our first session as we were getting to know each other and building trust, Lauren shared with me that she liked to draw, so we decided we would draw together. As Lauren talked about her Mam, she began to draw her. Closing her eyes, she spoke about her Mam's hair and the smell of it, as she became more comfortable, she recalled her Mam's scent, her wonderful laugh, and how she gave the most amazing cuddles when you felt down, and all the other irreplaceable things Lauren missed about her, and knew she would never have again.

Lauren just wanted her Mam back, she was so devastated that she had gone, but felt unable to share her feelings at home, as Dad was hurting too, and she didn't want to add to his pain."

That's why the work our Family Support team does is so important. Our sessions give people a safe space to think, to express all their emotions and to be able to talk about the day their life changed forever. We offer Counselling services for individuals as well as host Bereavement Groups across both of our sites at Stockton and Bishop Auckland, with a focus on support for not just the patient impacted by a diagnosis, but the whole family.
